### *From The President:*

As we move into a new era of Law Enforcement, It is every officer's responsibility to remain vigilant and aware of the situation around him/her. Law Enforcement now faces challenges that officers just a few short years ago didn't comprehend. We now live in a world of the 24 hours news cycle and cell phones. Real world, up-to-date training is the key to success. As an organization the Executive Committee will continue to provide high quality training and push for legislation that is in the best interest of Small Town Law Enforcement, Hospital Police, Correctional and Indiana Gaming Officers. But, we cannot do this alone; every member is a valuable part of the team advancing this aggressive agenda. I would encourage every members to step up to the plate and become part of this effort.

Stay Safe, Mark

### Indiana Marshal Association MISSION STATEMENT

The Indiana Marshals' Association exists to provide training, continuing education, informational resources, networking, professional standards and a wealth of other valuable assets to all members. By providing information, assistance, and feedback to the Indiana Law Enforcement Academy and the Law Enforcement Training Board, the Association as a whole will continue to develop its members both professionally and personally so they may provide the best possible law enforcement services to their respective communities. It shall be the primary mission of the Indiana Marshals' Association to produce the highest quality Officers throughout the State of Indiana.
